

*An Accountability Partner is like having a BFF in all the things you want to create in your life. You know the one that believes in you beyond reason and won't let you off the hook for what you want in your life. You are a team, and together you create MAGIC! Let's GO!*

### **Accountability Partnership Pillars:**

**Choose a “truth teller”** – this is someone who will tell you 100% what you aren't seeing and/or hearing for yourself.

**Get clear on purpose and outcomes** – what is the purpose and outcomes you each want from the partnership.

**Create permission/agreements** – the more you know the farther you grow. Give permission to be intervened with, challenged, and acknowledged. Set agreements that will support the partnership and honor them.

**Teach each other** – you are in ownership for what you want and need in an accountability partner, don't hold back. Discuss the following, write it down, have it with you for each call/meeting.

- **What do you want?**
- **Here's what I want.**
- **Here's how you know I am pulling the wool over your eyes.**
- **How I want to be called out/challenged.**
- **How I want to be acknowledged / celebrated.**

### ***Structure of a call/meeting:***

- **Check in's**
- **Allotted time for each person to discuss:**
  - **Weekly results from the previous declarations**
  - **Key learnings**
  - **Areas of support**
    - **Brainstorming**
    - **Questions to draw up resources**
    - **Plan of action between now and the next meeting**
  - **Declarations for the week going forward.**
- **Acknowledgments**
